EnviroProtecta-Lite

Sancell's Oxo-Degradable Lite ProtectaBag

Sancell's *NEW EnviroProtecta-Lite* end opening bag now comes in a matt finish for improved labelling. The Lite version of Sancell's ProtectaBag is Oxo-Degradable and has less PE content making it more environmentally friendly. Offering all round padded protection with strong tamper evident seals, Sancell's *EnviroProtecta-Lite* maximises the security of your goods in transit.

FEATURES	ADVANTAGES	BENEFITS
Matt Finish	Improved labelling and writability	Ensures delivery to correct destination
Oxo-Degradable	Will break down in ideal landfill conditions	Minimises environmental impact
ISO 14001 Certified	Systematic approach to prevention of pollution	Minimises environmental impact
100% PE	Recyclable and reusable	Reduces plastic pollution
ISO 9001 Certified	Consistent performance and quality	Assurance of continuous improvement
3 layer bubble with padded flap	Double Fold over seam for extra protection	Minimises damage to your product
Tamper Evident Seals	Stronger and more durable seal	Maximises security
High Quality Print	Customized quality printing	Professional presentation of brand
Custom Sizes	Made to suit specific applications	Reduced packaging costs and postage
High slip inner surface	Easy loading and packing	Time and cost savings
Secure Labelling	Labels adhere to surface	Will reach its destination
Lightweight	Easy handling	Savings on postage
